

Costing Trends - Alberta

Asphalt Cement Edmonton Rack Price Index

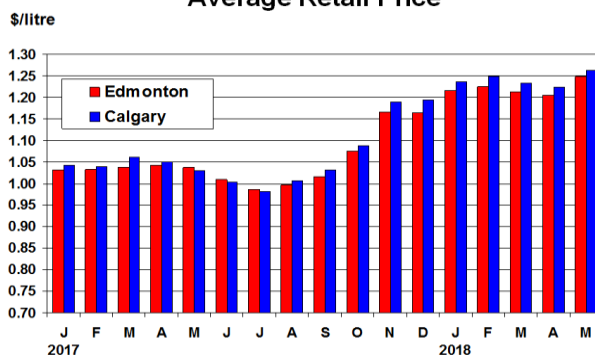

Industry sources

Asphalt Cement (Edmonton Rack – \$C/t)

- The Edmonton rack price for asphalt cement averaged \$730 per tonne in May, compared with \$655 in April.
- In May of last year, the rack price index was \$650.

Diesel Fuel Average Retail Price

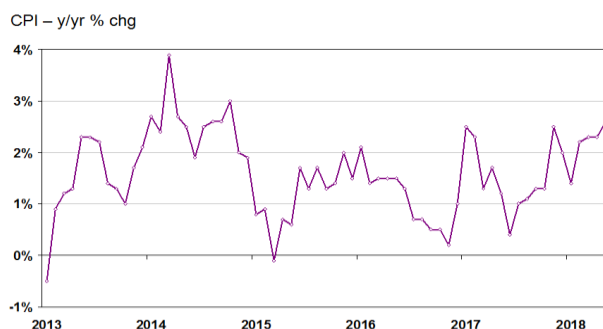

Source: NRCan

Diesel Fuel (Retail price \$/litre)

- According to NRCan, diesel fuel retailed in Calgary for \$1.262 per litre in May, up from an average of \$1.224 in April.
- In Edmonton, diesel prices averaged \$1.248 in May compared with \$1.205 a month earlier.

Alberta Inflation Rate

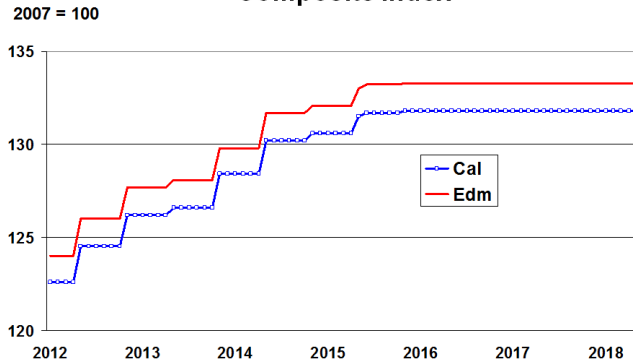

Source: Statistics Canada

Inflation (CPI)

- Alberta's annual inflation rate was 2.6% in May, up from 2.3% in the 2 months prior.
- The province's consumer price index was up 1.7% in May of last year.

Construction Union Wage Rates Composite Index

Source: Statistics Canada (includes supplementary payments)

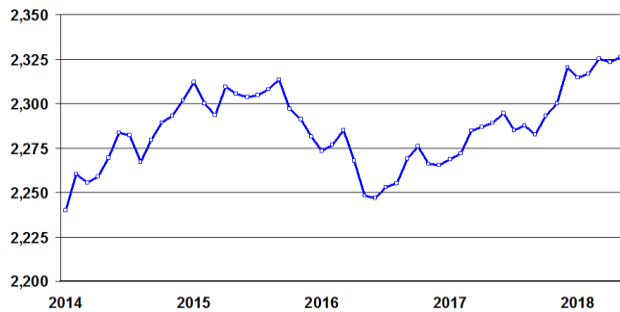

Construction Union Wage Rates

- The composite construction union wage rate indexes for Calgary & Edmonton were unchanged in May.
- In both cities, construction union wage rates have not changed year-over-year (yr/yr) since Nov. 2015.

Labour Market Conditions

Employment Alberta

(thousands – seasonally unadjusted)

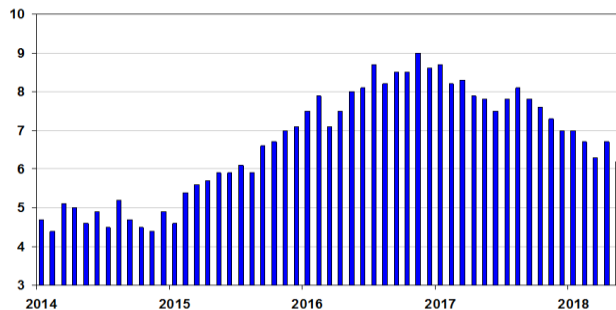

Source: Statistics Canada

Employment

- Total employment in Alberta seasonally adjusted (SA) increased in May by 37,300 positions yr/yr.
- On average so far in 2018, the number of people working has increased by 1.8% over the first 5 months of 2017.

Unemployment Rate Alberta

% (seasonally adjusted)

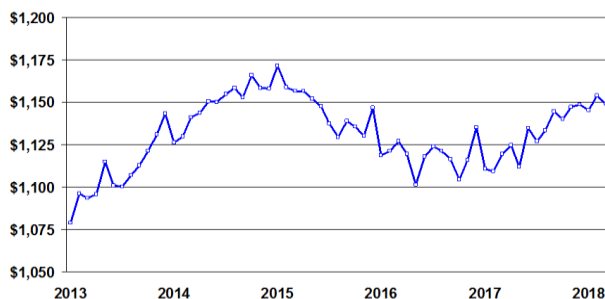

Source: Statistics Canada

Unemployment Rate

- The jobless rate (SA) in Alberta decreased in May to 6.2% in May from 6.7% in April, representing the lowest level since August 2015.
- The unemployment rate in May of last year was 7.8%.

Avg. Weekly Earnings Alberta (Seasonally adjusted)

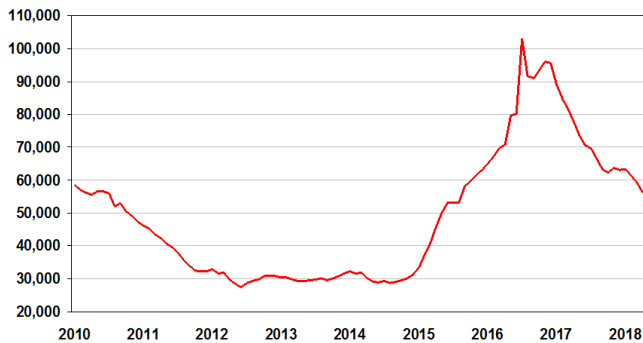

Source: Statistics Canada

Avg. Weekly Earnings

- Statistics Canada's average weekly earnings (SA) in Alberta increased in March by 2.7% yr/yr to \$1,149.
- In response to a tighter labour market, AWE levels after 3 months this year were up on average by 3.2% from the 1st quarter of 2017.

Employment Insurance Recipients Alberta

number of persons (SA)

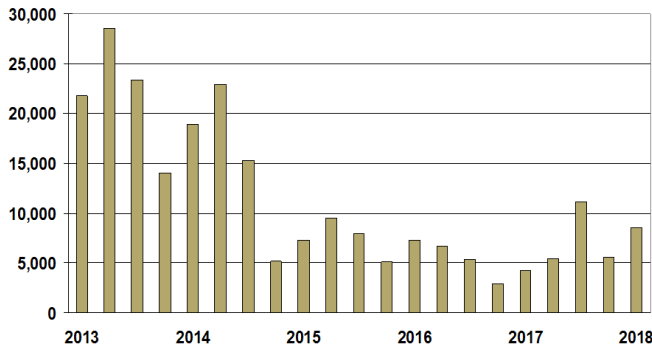

Source: Statistics Canada (receiving regular benefits)

Employment Insurance Claimants

- EI recipients (SA) in Alberta declined in April by 5.1% month-over-month (mo/mo) to 56,320 beneficiaries.
- The average number EI claimants so far this year has fallen by 28.2% from January to April 2017.

Alberta Net Migration

total net migration - quarterly

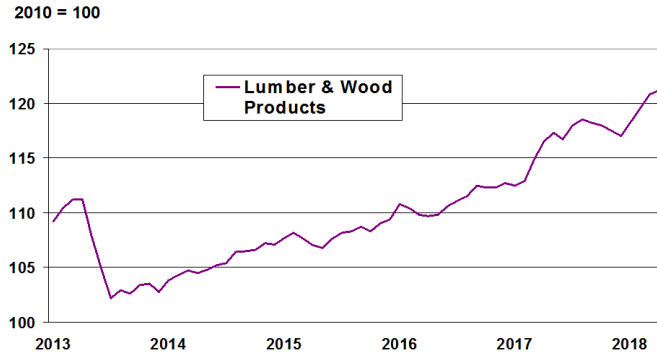

Source: Statistics Canada

Alberta Net Migration

- Total net migration into Alberta from all sources during the 1st quarter was double a year prior to 8,500 persons.
- From January to March this year, Alberta had positive net interprovincial migration (+1,862) for a third successive quarter, following two years of net losses to other provinces.

Costing Trends - Canada

Building Products Price Index - Canada

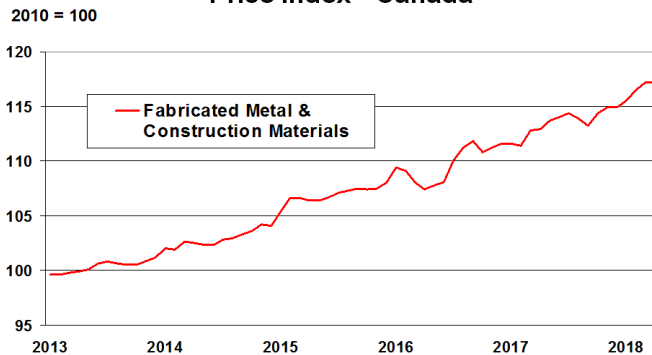

Source: Statistics Canada

Lumber & Wood Product Prices

- The Canadian price index for lumber and wood products increased in April by 4% from a year earlier.
- After 4 months in 2018, this StatCan index was up on average by 5% from January to April 2017.

Building Products Price Index - Canada

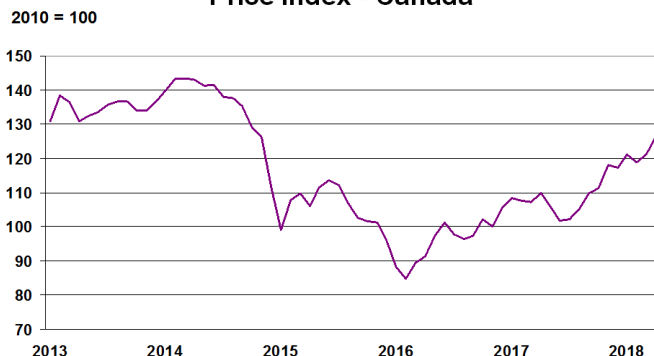

Source: Statistics Canada

Fabricated Metal Product & Construction Material Prices

- Prices across Canada for construction materials and fabricated metal products increased in April by 3.8% yr/yr.
- For the year-to-date, this component of the Statistics Canada Industrial Products price index was up on average by almost 4% from the first 4 months of last year.

Energy and Petroleum Products Price Index - Canada

Source: Statistics Canada

Energy & Petroleum Products Prices

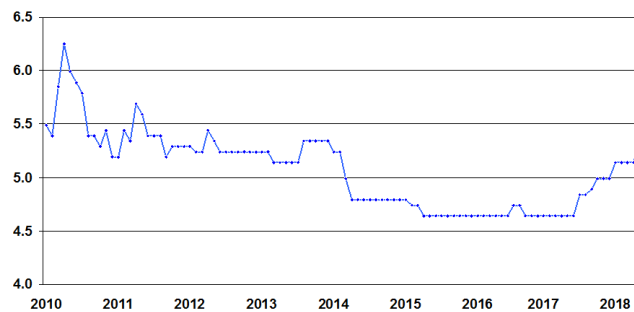

- The energy and petroleum products price index in Canada increased in April by 15% from year-ago levels.
- So far this year, this price index has jumped by 12.6% from January to April 2017.

Financial Indicators

Five-year Mortgage Rate

Monthly average

per cent (posted/conventional)

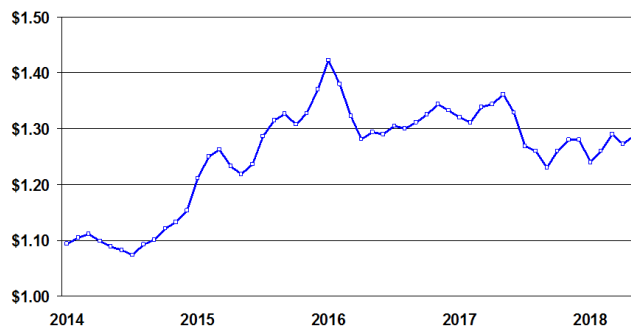

Source: Statistics Canada (Bank of Canada)

Mortgage rates

- The 5-year posted (qualifying) mortgage rate stood at 5.34% in May, up from 5.14% in April.
- The qualifying 5-year rate has increased 35 basis points since the end of 2017.

Avg. Monthly Exchange Rate

\$US in Canadian funds

Source: Statistics Canada

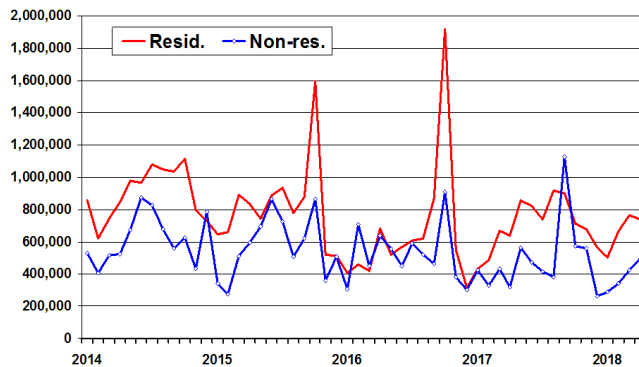

Exchange Rate (\$US in \$C)

- The US dollar averaged \$1.29 Canadian in May, up from \$1.27 in April.
- However, the C\$ has been losing ground in June.
- In May of last year, \$1.36 Canadian was required to purchase \$1 US.

Development

Building Permit Values (\$000)

Alberta

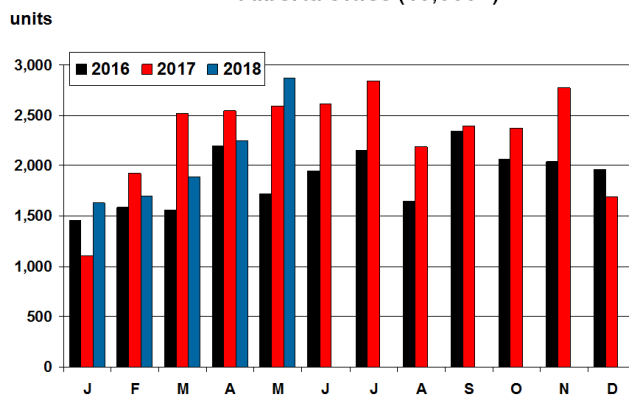

Source: Statistics Canada

Building Permit Values

- Total building permit values (unadjusted) in Alberta increased in April by 29% yr/yr to \$1.23 billion.
- Residential permit values increased 16% to \$738.1 million while non-residential intentions surged by 55% to \$491.5 million.

Total Housing Starts

Alberta Cities (10,000+)

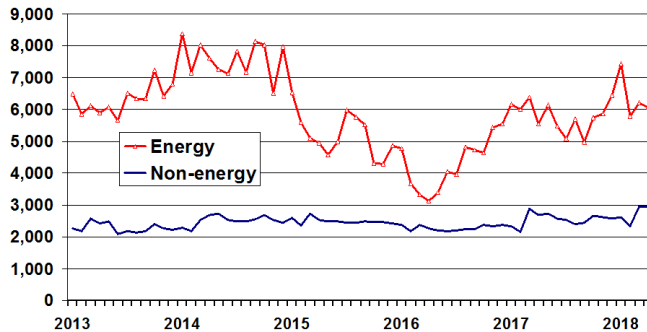

Source: CMHC

Housing Starts

- Total housing starts in Alberta's urban areas of 10,000+ increased in May by 11% from a year-ago levels to 2,870 units.
- This was the best month for builders since November 2015.
- For the year-to-date, total starts in cities have decreased by 3% from the first 5 months of 2017 to 10,362 units.

Economic Indicators

International Exports from Alta (\$ Millions)

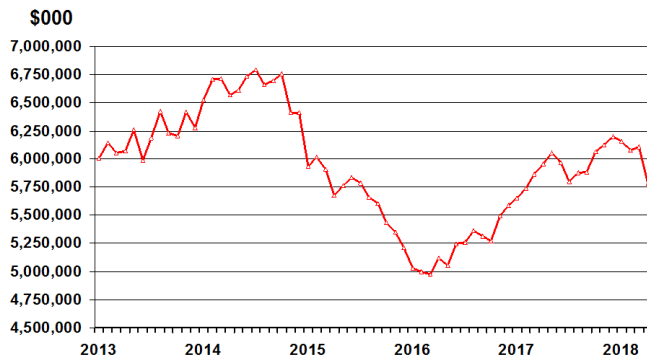

Source: Statistics Canada

International Exports – Alberta

- Alberta's exports (\$ value) decreased slightly mo/mo in April but were up by 9.4% yr/yr to \$9 billion.
- After 4 months this year, total exports were up by 6.3% from January to April 2017.

Manufacturing Shipments - Alberta (Seasonally adjusted)

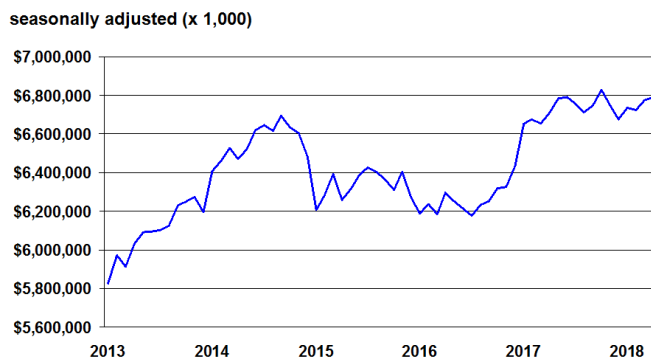

Source: Statistics Canada

Manufacturing Shipments – Alberta

- Alberta's manufacturing sales (SA) decreased in April 5.3% mo/mo due to reduced petroleum shipments caused by refinery shut-downs.
- So far this year, total shipments have increased in value by 4% from the first 4 months of 2017 to \$24.1 billion.

Retail Sales Alberta

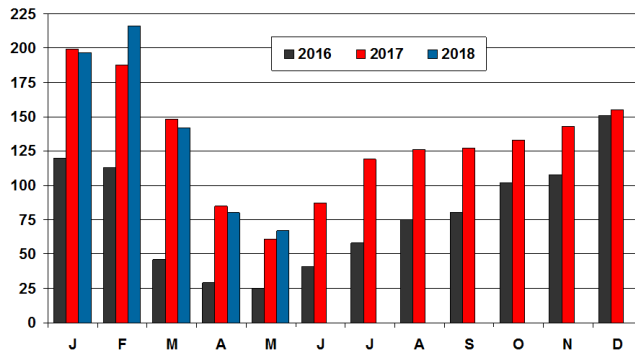

Source: Statistics Canada

Retail Sales – Alberta

- Retail sales in Alberta (SA) increased in April by 2.2% from a year ago to \$6.79 billion.
- After 4 months in 2018, sales were up 1.3% from January to April of last year

Drilling Rigs Active Alberta

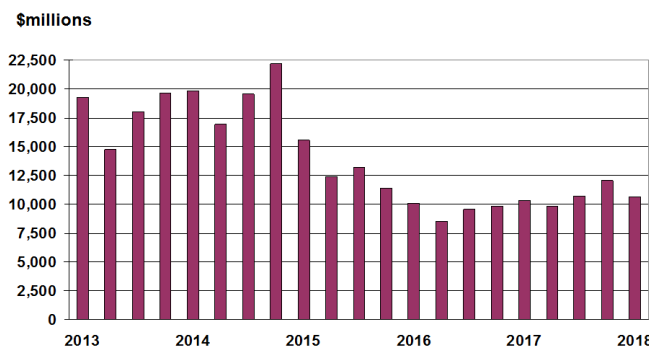

Source: CAODC

Drilling Rig Activity - Alberta

- There were 67 drilling rigs were active in Alberta on average in May, up 10% yr/yr.
- According to the CAODC, the number of active rigs so far this year has averaged 3% higher than during the first 5 months of 2017.

Capital Expenditure Canada – Oil & Gas Extraction

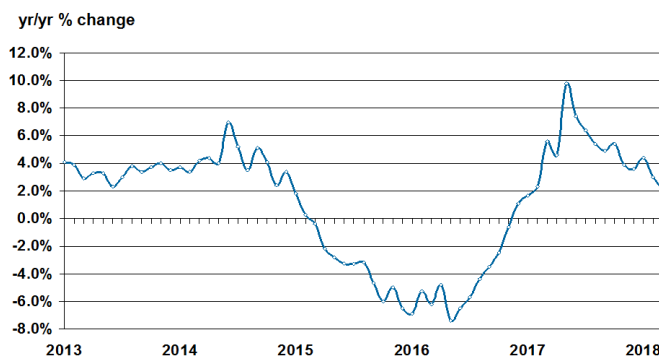

Source: Statistics Canada

Capital Spending – Oil & Gas Extraction Industries - Canada

- Capital expenditures for the oil and gas extraction industries in Canada amounted to \$10.6 billion in the 1st quarter, down 12% from the previous quarter.
- Spending was up however by 3% from the first 3 months of 2017.

Alberta Activity Index (AAX)

Source: Alta TB & Finance

Alberta Activities Index (AAX)

- The Alberta Activities Index (AAX) was up in March by 2.1% yr/yr.
- AAX was up on average during the 1st quarter by 3.2% over January to March 2017.
